“In any democracy, the people must have the power to enforce the law; otherwise, the people are ruled by an aristocracy which can enforce the law as they want.” Mark Adams JD/MBA

To all law enforcement [officers](#) and [politicians](#),

July 4, 2017

My name is Gerard Beloin. [I am a candidate for the US Senate in 2020.](#)

I want to wish all of you a happy 4th of July. Our day of independence.

*“In the America I grew up in, states didn't shield people who violated the law. What I want to get is a clear understanding from everybody, **from the congressmen to the politicians to law enforcement to those who enter the country illegally.** We're going to enforce the laws on the books without apology, we'll continue to prioritize what we do. It's not OK to violate the laws of this country anymore, you're going to be held accountable.”* Thomas Homan. Director of ICE. 2017

I wish that Mr. Homan was the US Attorney for the State of NH.

Following is the foreword and prologue to my political murder mystery *“Menace To Society.”* The book can be purchased from a link on my campaign website.

Sincerely,

Gerard Beloin

[Candidate for the US Senate in 2020](#)

Foreword

In my opinion, Gerard Beloin has become the top cop in the State of NH by default, because, out of fear or complicity, no politician or law enforcement agents in NH have had the balls to take “These Guys” on. He is a proven winner as a freedom fighter. A freedom fighter that this state and this country sorely needs at this time in history.

This shocking real life political murder mystery will keep you up reading all night long. This is a riveting story about how one blue blooded patriot taxpayer watchdog with one smart dog defeated the best and the brightest of organized crime in NH politics while exposing a **multi-billion** dollar taxpayer rip off. It truly is organized crime in NH politics and beyond. “These Guys” all want Gerard and his dog to be dead and they are letting them know it. It is all caught on tape. They even went so far as to beat Kenny Boy with a dead porcupine zip tied to a bat! He barely survived. The real shock of this story is that no one in a position of legal authority, except for the anonymous tipsters (I understand their anonymity) are doing anything about it. The manner in which Gerard not only survived but came out on top is amazing. Gerard is a man with brass balls and an untamed intellect. This book will make you cry, make you laugh and then make you angry that this can still happen in America today.

Who ordered the assassination of Gerard's political ally, Goffstown School Board Chairman, Dr. Craig Hieber and put a hit contract out on Gerard? The question is not whether Dr. Hieber was assassinated or not? They admit to *“[getting rid of him because he knew what was going on.](#)”* They brag about how they assassinated him and others with poisonous gasses by *“[throwing gas bombs through windows when they can't get in.](#)”* Dr. Hieber died of ARDS, (Acute Respiratory Distress Syndrome) symptoms consistent with being poisoned with

gas. [His widow, Attorney Sherry Hieber, sued the Catholic Medical Center](#), the CMC Emergency Room and the CMC Emergency Room Doctor, [an Italian by the name of Dr. Thomas D'Aprix](#). According to her testimony, Dr. Hieber was getting better until he got to the CMC Emergency Room where *"he could breath in and out but could not get any air in."* That is a symptom of an odorless poisonous gas. The judge on that case, Judge Phillip Mangones, was in possession of [the recordings](#) while adjudicating her case. I'm going to use Gerard's apt nickname for him. Phillip "The Ignorant." He is on the record of ruling that Dr. Hieber died *"unexpectedly and mysteriously."* Isn't that usually the assessment when someone is assassinated? John "The Brain" Janigan, an admitted member of organized crime, stated that mobsters use hospital emergency rooms to launder the dead bodies of their targets because there is never a murder investigation when someone dies in a hospital emergency room. [\(page 5 and 6 lines 13 and 14 of official transcripts of the recordings\)](#) Out of the 250,000 deaths every year in US hospital emergency rooms, there are zero murder investigations. If you are a member of the mob, THAT is where you want your victim to die. Subpoenaed witness after subpoenaed witness with information helpful to Gerard or damaging to the State has either died *"unexpectedly and mysteriously"* or disappeared!

This book names all of the powerful agents for the State and beyond that knew of the recordings admitting to the political assassination of Dr. Hieber and hit contract on Gerard and did nothing, or tried to cover it up. The most intriguing part of this page turner is not so much who assassinated Dr. Hieber as to who ordered the hit and who coordinated the admitted cover up. As you walk your way through his *"lawtobography,"* the unbelievable, backed by court records, videotapes and audiotapes, becomes believable, and the impossible is achieved. The author of this book has put together the most powerful expose of institutionalized political corruption working in concert with organized crime that I have ever read. It will stand the test of time as the benchmark for how to expose organized crime in politics. *"These Guys"* have become so powerful and arrogant, that it is just like the author states. *"They have stopped pretending."* This book has made them start pretending again. Gerard has given them no other choice. As he states in his book, *"They are now stuck between Gerard and a hard place."*

**Written by a Prominent NH Politician who is choosing to remain anonymous for fear of retaliation against his family, himself and his business.*

PROLOGUE

This book is a political murder mystery written by a candidate for the US Senate in 2016 and 2020 linking organized crime, politicians, the courts and other powerful agents for the State of NH to a racketeering enterprise designed to squelch American citizens 1st Amendment rights, civil rights and 2nd Amendment rights. This book exposes, in detail, their coordinated nationwide efforts to issue official ***“Licenses To Steal”*** to companies controlled by organized crime. They then use these licenses to grift our hard earned education funding money and charitable donations using skills of deception so refined, that they could have only been honed by the Devil and blessed by ***“The Disgraced” Bishop John B. McCormack of the Diocese of Manchester.***

The bulk of this book was written in 2011. It was scheduled to be published in the Fall of 2015 so I could use it to launch my challenge to US Senator Kelly Ayotte in 2016. However, circumstances beyond my control prevented me from getting it done until now, June, 2017. Thankfully, Donald Trump won and Kelly Ayotte lost. I repeatedly stated during my campaign that Senator Kelly Ayotte needed to be indicted, not re-elected. That statement and others similar to that got me kicked out of a few Town Hall meetings where the ***1st Amendment in the Live Free Or Die State of NH was revoked.***

The 1st Amendment of the US Constitution is under assault in NH and across the country. This book details how to win when fighting those who want to shut you up and shut you down.

The bulk of this book was written in 2011 while sitting in the Hillsborough County House of Corrections. (HCHOC) The derogatory nicknames assigned to the characters in this book are not a copycatting of President Donald Trumps propensity to do the same. That is simply a coincident. We just think alike. Also, according to my tipsters, Trump won NH.

Where did the \$8 million in education funding money go? ***Asking that question at a Goffstown School Board meeting in 2001*** and demanding an answer triggered a chain of events, that over the next 14 years would land me in prison on charges of a class B felony for violating courthouse security. The charges were based on forged and falsified court records stemming from wiretapping charges that were ***dismissed with prejudice on June 9, 2006.***

“Knowingly” bringing a loaded gun! into the Hillsborough County Superior Court - Northern District, on February 27, 2009. “Guilty!” Carrying a concealed weapon without a license. ***“Guilty!”*** Violation of probation for possessing a ***gun*** while on probation. ***“Guilty!”***..... ***None of it is true. They just, simply, made it, up!***

How did a mild mannered 44 year old businessman and family man who had never been in trouble with the law become transformed into what Judge Larry Smukler of the Hillsborough County Superior Court called, ***“A Menace To Society!?”*** With a \$3 million dollar bail on my head?!

This book will take you through the twists and turns of the incestuous relationship between the NH political system, public contracts, law enforcement and the legal system that can only be described as organized crime in NH politics. These heinous and insidious violations of the criminal codes, were all admitted to and allegedly committed by agents for the State of NH and or their agents, ***after I decided to become politically active and entered the belly of the beast of organized crime in NH politics and beyond with a sophisticated recording device.*** These heinous violations of the criminal codes, documented on tape, admittedly committed by professed members of organized crime and authenticated by two separate NH Courts, consist of the following in alphabetical order. Several of these violations of the criminal codes are capital crimes.

The most fundamental duty of government is to protect it's citizens lives..... Anyone who fails to understand this is not fit to hold public office.

This book will take you through the political and legal machinations that “These Guys” were willing to execute in order to protect one of their own, who, according to my informants, let all of “These Guys” know, that *“They all needed to hang together in order to keep from hanging separately.”*

This book will expose the [look the other way](#) policy that permeates every level of local government, State government and US government, all the way to the Obama administration Justice Department and the FBI. Looking the other way to protect “These Guys.”

Who are “These Guys”???

Their identities will be revealed in the last chapter of the book. Their names are linked to the documents connected to them by certified mail or court records.

[They were all willfully blind to the recordings.](#)

The one document that holds this whole unbelievable story together is the **vicious** illegal SLAPP lawsuit filed by Attorney William Shaheen, US Senator Jeanne Shaheen’s husband, and his client Captain Kerry Steckowych of the Goffstown PD. The emergency [VERIFIED PETITION FOR PRELIMINARY INJUNCTIVE RELIEF](#) was filed on March 24, 2005, less than 2 weeks after I

made “The Recordings” public. The petition was signed “under oath” and sought as relief to have all of these recordings “seized and forfeited to the State,” all of my computers “seized and forfeited to the State,” all of my recording devices “seized and forfeited to the State,” and a list of all of the persons who had received a copy provided to the court so that “These Guys” would be able to pay them a visit where the recordings could be “seized and forfeited to the State.” I won the lawsuit by exposing the connections between the Shaheens, Steckowych, organized crime and the dead Dr. Hieber. After the 1st and only hearing where I metaphorically kicked their asses around the courtroom, out of the courthouse doors, down the stairs and into the streets with my Rockport shoes of legal arguments, Shaheen & Gordon offered to “*make you whole*” by making me a very wealthy man if I agreed to stop exercising my constitutional rights. Their money was stained with Dr. Hiebers blood. I refused to accept their blood money.

Attorney William Shaheen is the husband of US Senator Jeanne Shaheen. He is a retired judge. He is the former US Attorney for the State of NH under the Carter administration. He is the principle in the largest, most politically well connected and most prestigious law firm in the State of NH, “[SHAHEEN & GORDON PROFESSIONAL ASSOCIATION.](#)” They have branches all over the States of NH and Maine. [He was Co Chairman of the Hillary For President Campaign in 2008.](#) Attorney William Shaheen is a national level Democrat political operative who did all of Kerry Steckowych’s legal work, Pro Bono.

Attorney William Shaheen is also a mob attorney.

Captain Kerry Steckowych is also, Attorney Steckowych, Goffstown Police Prosecutor Steckowych, [Victim Witness Assistant for the Town of Goffstown Steckowych](#), Goffstown School Board member Steckowych, Goffstown School Board Chairman Steckowych, prominent and controlling member of the St. Lawrence Parish in Goffstown, (my parish), Steckowych, and leading candidate for Hillsborough County Attorney, Steckowych. If you are being threatened in Goffstown, he is the one you need to go to to get approval for a wiretap to catch the criminals.

Attorney Steckowych is also a proven member of organized crime. Also, according to his “*close personal friend*” and fellow member of organized crime, John Janigan, Kerry Steckowych is also a killer. According to John “The Brain” Janigan, Kerry Steckowych’s mob name is “*The Killer.*” Kerry “*The Killer*” Steckowych!

The one proven dead body connected to Attorney Kerry “The Killer” Steckowych by these recordings is his political foe and my political ally, Goffstown School Board Chairman, Dr. Craig Hieber. A liberal Democrat.

The evidence that Dr. Hieber and I compiled against the Goffstown School Board and their racketeering activities was so solid and the money so big, that according to Kerry “The Killer” Steckowych’s “*personal messenger,*” “*He knew what was going on and they said we better get rid of him.*” Kerry Steckowych’s “*close personal friend*” brags about how “*These Guys*” gassed Dr. Hieber. “[They throw gas bombs through windows when they can’t get in.](#)” That simple sentence clearly states that there was a conspiracy to gas Dr. Hieber. They had done it before. And, they planned on doing it again. Dr. Hieber died of Acute Respiratory Distress Syndrome. (ARDS) That is consistent with being gassed. [Despite a wrongful death lawsuit filed by his widow](#) against the Catholic Medical Center, the CMC Emergency Room and the CMC Emergency Room Dr., Dr. Thomas D’Aprix, repeatedly claiming that Dr. Hieber “*could not breath,*” despite these recordings bragging about gassing him so that he could not breath and bragging about the successful political assassination of Dr. Craig “The Martyr” Hieber, no murder investigation was conducted.

[I was arrested for the crime of wiretapping admitted members of organized crime who also worked as agents for the State, threatening to have me shot, dismembered, chopped up into little pieces and fed to the fishes in the Atlantic Ocean off of a “100 ft. f***ing fishing boat in Gloucester, MA.](#) (Warning. The link to this paragraph contains graphic images.)

This book will detail my undefeated status in the courts in the multiple illegal [SLAPP lawsuits](#) of State v Beloin and the repeated forging of court records by the State and the Courts to show that I had lost when I had actually won. Because of these fraudulent court records, I’m sitting in

the Hillsborough County House of Corrections on May 14, 2011 in Manchester, NH writing this book.

As you read this book you will find my legal arguments to be repetitive. Why? It's not because I am afflicted with early onset Alzheimers. It's because there was no other argument to be made. It's not complicated. I simply cited and read the State of NH RSAs and US Criminal Codes along with the articles of the NH Constitution and the amendments of the US Constitution that showed I did nothing wrong or illegal to a succession of judges, law enforcement officers and prosecutors. I showed them all the precedent setting cases and constitutional rights that backed that argument up. I kept putting it in my MOTIONS. There really was nothing else I could do. The insult to the reader will come when you realize who I'm making the argument to and the sheer number of powerful NH legal brainiacs who insisted that up was down, black was now white, the Earth was now flat and the Sun does revolve around the Earth. That is so, so obvious. You can actually see the sun rise in the East and set in the West. That is conclusive proof! When I brought up the recordings as evidence to all these powerful legal authorities, they all developed the stupids and sounded like they got their law degrees through an affirmative action program at Forrest Gump University.

For 8 years I was making the right legal arguments to the [NH Flat Earth Society Legal System](#) in Southern NH. It took 8 years to finally find someone in a modern day NH legal authority to properly interpret the laws and ORDER the State to release me from their grip. I can only compare myself to an astronaut in orbit on the space station sending areal photos of Earth to a modern day Flat Earth Society Lawyer and having the Flat Earth Society Lawyer e-mail me back a photo of the Pacific Ocean from Huntington Beach California as conclusive proof that I am wrong. Then, the Flat Earth Society Judge concurs with the **“conclusive proof”** produced by the Flat Earth Society Lawyer. Case closed!!!

Please feel free to skip through the repetitive legal argument but do not skip the part of who I'm making the legal argument to. That is the part that will insult you. By the time you are half way through this book, the hair will start to stand up on the back of your neck. By the time you are done, your intellect will be so insulted you will all be reaching for your pitch forks and wondering out loud, **“What in the hell is going on in the State of NH??”**

Whatever it is, it is being mimicked by progressives around the country.

DISCLAIMER

Since I became politically active, all of my computers have been attacked by bugs that have crippled them and rendered them useless. [Here is a photo of a stack of laptops that have been recently disabled](#). There are 3 missing. Following is the list of computers that have been disabled despite having all of the best antivirus money could buy installed on them. Three of these computers were Apples that had antivirus software installed even though Apple computers are not supposed to get bugs. Even the Apple Geniuses at the Rockingham Mall in Salem, NH were stymied. They said, *“We have never seen anything like it.”*

Since writing this book, my server that supports my websites has been wiped clean by hackers. I had to reload all of my files and rebuild my websites. I now pay extra for a 14 day back up to my websites. My Wikipedia page has been wiped out. It was too good. I have not had the time to rebuild it. While I was in prison, my Facebook page was edited to make me look like I belonged there. It was well done. The stuff I posted was mixed in with the stuff “These Guys” posted. It was a professional hit job on my reputation. While reading it, I said to myself. *“They let this guy out 6 years early??”* It took me several hours to delete the freaky shit posted to my Facebook page. This book itself has been edited by someone other than me that turned some of my hardest hitting chapters into nonsense and eliminated some of my best paragraphs. I used to back up the book every day. I now back it up every 15 minutes. As of this date, July 16, 2017, I have just finished the 3rd final editing in two weeks because chapters and paragraphs have been shifted around to make the book look like it was written by someone with early onset Alzheimers.

There are hundreds of links to my server in this book and some may have been corrupted. If there are links in this book to pages that seem out of character of the theme of this book, or criminal, I did not put them there. Most of the links are to documents or videos from my [gbforussenate.com](#) account, [gnbtaxpayers.com](#) and my [gbforussenate](#) YouTube account. My YouTube accounts were also hacked with the video of [“Kelly Ayotte What Was She Thinking?”](#) deleted. That is why the count is now so low. That one had a count in the thousands. Now it is back in the low triple digits again and climbing fast. Now I am using the two tier security system to access my accounts.

[Former CBS News correspondent Sharyl Attkisson has sued the Justice Department](#) over the hacking of her computers, officially accusing the Obama administration of illegal surveillance while she was reporting on administration scandals. She is seeking \$35 million in damages.

Attkisson resigned from CBS in March of 2014 after complaining that she was increasingly unable to get her investigative stories on the air. She has published a best-selling book, “Stonewalled,” about her battles against the network and the administration as she investigated stories on such subjects as Benghazi, Fast and Furious and ObamaCare. She was preceded in NH by reporters Roger Talbot and Nancy Meersman. They are characters in this book who's stories parallel hers, but have a very different ending.

She also mentioned that her actions were being tracked because of her hard hitting news

stories exposing corruption in the Obama administration. Computers turned on and off in the middle of the night. [Sound familiar?](#) Stephanie “The Wizard” Wytral told me that whoever is hacking my computers had complete control of them and could plant and delete files and folders on my computers at will. (They could probably even make it look like the Russians did it.) I have located some folders on my computer, deep inside the operating system that require a password to open them. A password that I do not have. [I did not put them there. I do not know what is in the folders.](#) I can't erase them. According to this recording of an agent for the State, everything is going according to the game plan.

As soon as I am done writing this sentence, I am uploading my book to my server to begin the process of public dissemination. Once it leaves my computer and possibly even before, there could have been some unauthorized edits made that would make me look like I acted criminally. I'm putting in this disclaimer because I am not willing to keep doing the final editing forever.
